

mVoice Hosted PBX

Scalable, flexible, per extension plans with Included Standard Calls³

mVoice's Hosted PBX eliminates the need for a traditional in-office telephone system, reducing call costs, line rental, hardware and maintenance costs. All you require are IP enabled handsets, a router and suitable broadband connection.

You'll receive significant savings as you only pay per extension and each extension includes generous allowances of included Local & National Calls and Calls to all Mobile networks.

\$39⁹⁵
per extension

Includes Standard Calls³

- ✓ free inter-office calls
- ✓ low initial investment
- ✓ quick setup
- ✓ business grade features
